## What is MEHA?

Montana Environmental Health Association is an affiliate of the National Environmental Health Association (NEHA). In Montana, environmental health specialists— called Sanitarians— promote clean food, water, air and healthy conditions in communities. We help businesses comply with regulations by conducting inspections, consultation, and education.

## What does MEHA do?

Our mission is to maintain and improve the standards of performance of professionals in the field of Environmental Health in Montana through education and outreach.
